

Press Release

Symena Wins Business Show Award

23 September, VIENNA, Austria

Symena CEO Dr Thomas Neubauer was the winner of the Junge Wirtschaft (Young Business) Business Show Award of the Austrian Chamber of Commerce in Krems, Austria on 21 September 2002. The prestigious award is made for the best performance in a series of presentations and question and answer sessions about Symena. The prize is a return trip to the World Congress of the Junior Chamber International in Las Vegas, Nevada at the end of November 2002.

"The event was a great experience and a lot of fun. The show helped me develop a corporate message with people who are not directly involved in our industry," said Dr Neubauer.

ABOUT SYMENA

SYMENA's network performance enhancement tools deliver significantly improved coverage and capacity with reduced capital expenditure by optimizing the deployment of network infrastructure. This promise depends on leading edge knowledge of the latest mobile phone standards combined with automated optimization expertise. Symena's tools let operators deploy performance enhancing technology in the most effective and efficient manner by exploiting all of the benefits offered. For example with appropriate deployment Smart Antennas can generate savings in the order of more than 35% of the initial infrastructure cost. Symena's knowledge is built on the work of world class European research and development institutions.
